Dear Warren County Park User:

Thank you for reserving a Warren County Conservation facility. It is indeed our pleasure to have you as a visitor.

If your guests need maps to the facility you have reserved, maps of the park, information on the park your reservation is in or information about the Warren County Conservation Board, they will find what they need on the web at <http://www.warrencb.org>.

As you are aware, reservations in all WCCB facilities except the Annett Nature Center are free of charge, provided as a service by the Warren County Conservation Board. There are, however, definite costs in time, material and equipment associated with your reservation.

We hope that park users taking advantage of our free shelter reservation system will contribute to help promote WCCB facilities and activities. Please make checks payable to *Friends of Warren County Conservation* and send them to the above address. This will allow the conservation board to make sure that the money is used directly for conservation use. You can direct your donation to any specific project you choose or let us use it towards a project of our choosing. Of course, your donation is tax deductible.

We appreciate your consideration of this request.

Sincerely,

Mallory Wells  
Office Manager  
Warren County Conservation Board

Mark Wilson  
Interim Director  
Warren County Conservation Board
